

As part of your work on the PACE strategy document, you identified PACE stages for tasks that need to be completed in the TikTok project. This information will help you assign tasks to milestones in the TikTok project proposal. Complete the project proposal by:

- Entering a project title
- Adding an overview of the project
- Identifying the order of tasks
- Associating each task with the relevant milestone
- Determining the PACE stage(s) for each task\*
- [Optional task] Assigning each task to the most relevant stakeholder

\*Note that some tasks may be associated with more than one PACE stage. To connect more than one stage with a task, copy and paste the **Select PACE stage** dropdown menu and select an additional stage.
